Introducing STN Auto Restorations

Restoring a classic or antique automobile is not inexpensive or easy, nor is it a job to be rushed through by just anyone. Restoration demands special patience; craftsmen motivated to rebuild hidden components to the same standard as those in clear view.

At STN Auto Restorations, that attitude is crucial to our restoration philosophy. It's relatively easy to polish a valve cover, apply gleaming paint or clean up an interior, but restoring an automobile to look, feel, and function like the day it was new is another matter entirely. After all, lasting beauty is more than skin deep.

STN Auto Restorations is family owned business. We have been experts in restoration for more than 30 years. We won't be learning on your car. Because we specialize in this field, we anticipate and avoid the pitfalls of complex restorations that trip-up the less experienced restoration shop.

Our staff has the experience, knowledge, and skill to complete your project to the high standards you expect. Our team of experts are well versed on many vehicle marques and enthusiastically look forward to helping you with any make classic or antique.

We extend you a invitation to join the many satisfied customers who recognize the value of working with us. Call us and we'll be glad to discuss your dream.

The STN Advantage

- With more than 30 years in the repair and restoration business, be assured that we have the experience to do the job, and will be able to see it through to customer satisfaction
- Our shop specializes in restoration. Your project is our priority, not a filler job. It will be completed in a timely manner
- Graduated billing rates, scaled to the complexity of the job, help keep costs in line. Monthly progress reports show all parts and labor billings and include photographs
- We can schedule a project over a period that is convenient and keep monthly billing to a level that suits your budget
- We are happy to do segments of an otherwise do-it-yourself restoration; bodywork, engine, chassis-whatever area of a project you do not wish to do yourself
- We're a company of enthusiasts just like you!

All work is done by appointment only - Visit us online at www.STNAutoRestorations.com
